A modern classic

Imperiale 400 MY 2021 arrives in all Benelli dealerships with a series of technical and aesthetic innovations designed to improve rideability, performance and enhance its vintage style. The classic bike of the Leoncino Company, a reinterpretation of a historical model of the Benelli-MotoBi range produced in the 1950s, is updated with new graphics capable of underlining its retro-soul: a three-dimensional Benelli logo in Silver colour stands out from the tank, the texture on the tank pads changes as well as the logo positioned under the seat, giving it an even more elegant and captivating look. Important news also with regard to tyres: Imperiale 400 MY 2021, offers 19" front and 18" rear wheels which now mount Maxxis Promaxx 100/90 tyres at the front and 130/80 at the rear, capable of guaranteeing maximum reliability on the road in any condition, even in the wet.
