NEW SYM JET 14 50cc E5 Scooter For Sale Low Rate Finance available Find your Nearest Dealer Now
TJet 14 is the most successful model of the Jet series. Until now, it is still the hot-selling model, especially in the European markets. Its 14-inch wheels just perfectly fit the urban riding request and the saddle height of 770mm makes it easy to ride in town. Breaking the rule of the urban touring habit, Jet 14 is going to cause the sensation again with the Euro 5 upgrade. The 4 valves liquid-cooled engine(125c.c) provides better airflow and increases efficiency. Moreover, QC2.0 makes sure the rider's electronic gadgets always stay alive. With these certain upgrades, Jet 14 is everything you need for the urban ride.
