## Sym Mask 50cc E5 2021

Practical, stylish, affordable and also comes with free Top Box while stocks last

**£2,299** <sup>+OTR</sup>  
from **£42.26** p/m

NEW SYM MASK/Orbit 50cc Euro 5 Scooter For Sale Low Rate Finance available Find your Nearest Dealer Now A no-fuss approach to making a solid dependable scooter from the people who do it just that bit better. Sym MASK inducts new technology - A.L.E.H. system (Anti-Lift Engine Hanger system). When the vehicle accelerates, there will be a phenomenon of gravity shift. SYM designs the special engine suspension system, enables the relative position of the engine and the car body to maintain a steady state when accelerating, and suppress the instability caused by the lifting position. Making riders feel stable and comfortable when steering. MASK shares the same engine and transmissions as the best-selling JET & rugged trendsetting CROX models but leaves the attitude & audacity to its stablemates, instead MASK prefers to be understated in achieving its objectives, delivering a solid reliable journey to the rider who values great build quality, solid performance and exceptional economy. SYM incorporated Fuel Injection to further improve the already impressive smooth power delivery & economy of 100+mpg and a Combined Braking System to help bring extra stability when you most need it in trying conditions. Under-seat storage enough for a full-face helmet, when nipping out for essentials gives a little more flexibility alongside the standard rear rack for those impulse buys whilst about town doing a little window shopping with Coffee. If you want capability, accessibility, frugality & reliability MASK is a logical choice with 2 years warranty as standard it should also be a simple choice.
